Senatorship.

Hon. James Guthrie, a member of the United States Senate, from Kentucky, has tendered his resignation understand that a resolution has passed both houses to go into an elechis resignation. It is thought that the State, will be elected to fill the vacancy. We hope so. He can do more good as a Senator, than as Governor. Let him go to Washington.

Some Figures.

In practical arithmetic, one of the first things the schoolboy .learns, is that figures have two kinds of value -simple and local. Business men are more apt to like the application of this principle than boys are, especially delighting to prove by arithmetic that their business is prosperous. In the Gas business the science is as important as in any other. We therefore propose to show by that exact science that the plan of lighting Cynthiana by gas, is altogether possible. And we have been assisted in making our calculations by those who are practically acquainted with the matter. The cost of the works is estimated at about \$28,000. The expense of coal, labor, &c., per annum, about \$3,000. The price of gas will be \$5 per 1000 cubic feet. Although this price seems high, compared with the price in Cincinnati. It is the same the Lexington company charged for many years. Now that company sells at \$4,50, and the stock pays large dividends. It will be necthe above named price, but as in Lexington, it may, after a few years. be afforded at a less price.

DROPS!

The Great Female Remedy for Trregularities!!!

HAVE tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health

to-day.

Although so powerful and positive, they perfectly harmless, and may be used at all imes, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, ever ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from ladies all over the Northern and North Western States, were they not in their nature, private Over 100 000 bettles have been sold. vate. Over 100,000 bottles have been sold the last year, and I hope and trust as many sufferers have been benefited. apparatus. Also a large assortment of Keys on hand, and fitted to suit

locks of all kinds. 22 oil no ALSO the exclusive right of Harrison county, for the sale of the Singer New

Family Sewing Machine,

This machine is without a superior in the world. It runs as fast and easy and with as little noise as any first class machine in mar-ket. It will sew from the stoutest leather to the finest bank bill, and makes every stitch perfect. It hems, fells, binds, cords and tucks; and is adapted to every variety of work. It is strong, compact an durable, and will last twenty years, for ordinary family sewing, if not broken by accident or carelessness. But it is useless to parade a long list of the merits of this machine before the public as the poorest coverage furfore the public, as the poorest concerns furnish them in the greatest abundance. All can try this muchine by calling on the agent and it will proclaim its own merits.
